

SANJAI SANKAR

MERN STACK DEVELOPER

Namkkal, Tamil Nadu, India | +91 6381055294 | sanjaisankar049@gmail.com

PROFILE SUMMARY

Versatile MERN Stack Developer and Digital Marketer experienced in building dynamic, optimized web apps including the Velora Grand and Codealpha projects. Skilled in React, Node.js, MongoDB, SQL, and Tableau to engineer products and drive data-backed marketing strategies. Leverages modern frontend tools (Vite, Tailwind CSS), cloud platforms (Azure, GCP), and AI-assisted development to deliver scalable digital solutions.

EXPERIENCE

Internship at CodeAlpha

- During my virtual Full Stack Development internship, I built and deployed dynamic MERN stack applications, notably the Aura Electronics e-commerce platform and Vibenet social app. Through these core projects, I successfully integrated intuitive, responsive UI designs with robust backend APIs.

Internship at CodeAlpha

- Completed a Cyber Security internship focused on network security, ethical hacking, and vulnerability analysis to safeguard information systems. Enhanced security posture by advancing cyber threat detection capabilities and implementing robust cybersecurity best practices.

EDUCATION

Bachelor of Engineering in CSE (Pursuing)

Gnanamani College of Technology, Namakkal - 2027.

Higher Secondary

Govt. hr. sec. school, Vadalur - 2023.
